

List of Facilities Offering Boarding Assistance to Pets Evacuated from Hurricane Areas - 2008

IMPORTANT: A baseline requirement prior to contacting the individuals below is that you provide proof of all vaccinations prior to contacting them. Additionally, spay and neutering is required. No vaccination records and no spay/neuter means no participation. Finally, PCSA asks that owners that need to evacuate speak directly to the owner of the facility offering assistance so that any and all requirements be worked out prior to those pets being taken to the facility offering assistance.
